

Chasing Hope: Maybe the devil made her do, or was it an angel?

A novel for teen girls ages 12-15, Chasing Hope is about adventure, mystery, good vs. bad, sprinkled with suspense and romance!

Tired of being a responsible, straight-A student who always follows the rules, Hope Minor wants to rebel and change her good girl reputation. So when her best friend invites her to spy on their eccentric middle school secretary, Hope can't resist. The mission? To see if the rumor is true: did Miss Lillian really build a church in her basement? Little do the girls know, but they are about to encounter a disturbing array of characters, including a husband seeking revenge and a second chance, a larger-than-life radio preacher with a secret, and a lonely, misguided woman who believes her life's purpose is to save souls. With more secrets than a teenager's diary, these dysfunctional adults will stop at nothing to achieve their goals, whether it involves spying, wire-tapping houses, or mind control. Romance, mystery and danger seem to chase Hope during her Friday night adventure, and what begins as innocent fun ends with some unforgettable life lessons. If you like teen novels for girls written by authors such as Judy Blume, Laurie Halse Anderson, or Caroline Cooney you are going to love Chasing Hope. Here is sample from Chasing Hope:
