

BigAls Books and Pals Readers Choice Awards 2015 Nominee ~~~~ What happens when nine months suddenly becomes six? Life has always gone smoothly for Jess Jackson, but then she got pregnant and it wasn't just her breakfast that started going down the pan. And now her baby has fallen out before she's even started ante-natal classes. Suddenly, she's sucked into the bubble of the Neonatal Unit, where tensions run high and the real world feels very far away. She has a new home, new routines, new friends and even a new crush, just when she feels most distant from her old life and fiancé. Add in sleep deprivation, hormones, worry and the fact that she has more contact with her breast pump than her baby, and her neat little world is in grave danger of falling apart. The third trimester is never easy, but it's a whole lot harder when your baby's no longer inside you...~~~~ Early Daze is an honest but humorous women's fiction book about the ups, downs and roundabouts that come when your baby is born too soon. 10% of the author's royalties are donated to Bliss, a charity for premature and sick babies.~~~~ Selected praise for Early Daze: It is almost like reading a memoir rather than a fictional story. I really like Jess's voice, which feels so natural and normal. Her reactions and thoughts just seem to ring true.-- ElaineG, Amazon.co.uk Top 50 Reviewer I was so mesmerized by Early Daze that I read the whole thing in one sitting. It's something I will be passing on to everyone I know who has a seriously ill loved one.-- Long and Short Reviews A very emotional and heartfelt book that woman whether a mom or not will enjoy.-- Bookroom Reviews~~~~ Scroll up to purchase Early Daze now, or use Look Inside and try before you buy (Amazon Prime and Kindle Unlimited members can read it FREE!).
