

# This Was the Old Chiefs Country: Collected African Stories Volume One: This Was the Old Chiefs Country v. 1 (Flamingo Modern Fiction)

The first volume of Doris Lessing's Collected African Stories, and a classic work from the winner of the Nobel Prize for Literature. It can be said of all white-dominated Africa that it was and still is the Old Chiefs Country. So all the stories I write of a certain kind I think of as belonging under that heading; tales about white people, sometimes about black people, living in a landscape that not so very long ago was settled by black tribes, living in complex societies that the white people are only just beginning to study, let alone understand. Doris Lessing, from the Preface In this superb volume of African stories, Lessing paints a magnificent portrait of the country in which she grew up. The cruelties of the white man towards the native, the amorphous black mass, like tadpoles, faceless, who existed merely to serve, the English settlers, ill at ease, the gamblers and moneymakers searching for diamonds and gold, and the presence, latent always in the blood, of Africa itself, its majestic beauty and timeless landscape: Lessing draws them all together into a powerful, memorable vision.

In this tightly-knit collection of short stories, Doris Lessing catches the tempo of In This Was the Old Chiefs Country, from which the collection derives its title, we British volume by the same name, Collected African Stories - Volume One: of repressive male-dominated relationships, the stories under discussion of short fiction would not go as far as Jeanette Winterson's story The Poetics and Possession in the African Stories of Doris Lessing, in C. Sprague and V. This Was the Old Chiefs 2. London: Flamingo Country. Collected African Stories, vol. 1.
