

Matchbox Theatre presents a sketch show in miniature: thirty short entertainments by Michael Frayn, author of *Skios* and *Noises Off*, the funniest farce ever written (New York Times). Thirty snatches of people talking. To each other, to the world at large, to themselves, to no one. Heard, unheard. Overheard, half-heard. On telephones, into microphones. In a crypt, an airport, an orchestra pit. These tiny plays are offered here for performance in the smallest theatre in the world: the theatre of your own imagination. The scripts are provided. Everything else - casting, set design, ice cream sales - is up to you ... Michael Frayn is the most philosophical comic writer - and the most comic philosophical writer - of our time. Michael Arditti, Daily Mail
