

Two (One Universe Book 2)

Elias and Merrins story continues in TWO... Elias and Merrin are on the run. After escaping the Biotech Hub, they thought they could breathe easy, or at least a little easier. But when bombs slam into the Social Welfare Hub only hours after their arrival, it becomes clear theres nowhere to hide - and no end to what Biotech will do to get them back. Their last chance for safety and answers is the Clandestine Service Hub. CS has intel on the real, broader purpose behind Fisks experiments , and the newfound knowledge of the horrors hidden deep within Biotechs walls sends Merrin back to recover a secret formula that could ruin the Supers world foreverand might just save the lives of the Biotech victims spiraling out of control. Elias sisters are counted among the victims of Fisks experiments, and if Elias cant find and help them, their powers will destroy them--sooner rather than later. Returning to the place it all began terrifies him, but with Fisk ready to make an example out of Merrin, and his sisters lives --and the lives of all Supers--hanging in the balance, he might not have a choice. If he cant find the courage to face his worst fears, Elias might lose more than his newfound powers. He might lose everyone he loves.
