

## Myth (Guardians of the Word Book 2)

Behind the veil that separates the living from the dead, awaits the teeming horde. Evil bides its time, probing for weakness. It slithers across the divide, searching for the weak, the insane, the criminal mind, and even the average citizen of Cobalt, commanding them. The order is to kill. The target... Seventeen-year-old Dynan Telaerins biggest challenge is keeping the woman he loves and the brother he adores from being in the same room at the same time. Liselle Tremault and Dain Telaerin despise one another, forcing Dynan to choose between them, but a murder plot against him abruptly trumps other concerns. Visions of the destruction of civilization follow, turning shadowy dreams into the possibility of terrible reality. The lines blur between what is evil and what is good as one seeks to destroy him and the other seeks to delay his future. The methods each side employs to attain their goals are remarkably similar, leaving Dynan in a desperate race for his life. MYTH, the second book of the Guardians of the Word fantasy series considers the complications of truth and intention, where one may not be conducive to the other and where some evil is necessary to negate others. MYTH is suitable for mature young adults. The Chronicles are Chosen, Myth, Telepath, Legend, Union, Seer, Adept and King.
