

Star Trek: Destiny (Star Trek: The Next Generation)

The omnibus edition of the epic crossover trilogy uniting characters from every corner of the Star Trek universe and revealing the shocking origin and final fate of the Federation's most dangerous enemy—the Borg. THREE THRILLING STAR TREK NOVELS IN ONE VOLUME! Half a decade after the Dominion War and more than a year after the rise and fall of Praetor Shinzon, the galaxy's greatest scourge, the Borg, returns to wreak havoc upon the Federation and this time, its goal is nothing less than total annihilation. Elsewhere, deep in the Gamma Quadrant, an ancient mystery is solved. One of Earth's first generation of starships, lost for centuries, has been found dead and empty on a desolate planet. But its discovery so far from home has raised disturbing questions, and the answers harken back to a struggle for survival that once tested a captain and her crew to the limits of their humanity. From that terrifying flashpoint begins an apocalyptic odyssey that will reach across time and space to reveal the past, define the future, and show three captains that some destinies are inescapable. For Captain Jean-Luc Picard of the U.S.S. Enterprise, defending the future has never been so important, or so personal and the wrong choice will cost him everything for which he has struggled and suffered. For Captain William Riker of the U.S.S. Titan, that choice has already been made haunted by the memories of those he was forced to leave behind, he must jeopardize all that he has left in a desperate bid to save the Federation. And for Captain Ezri Dax of the U.S.S. Aventine, whose impetuous youth is balanced by the wisdom of many lifetimes, the choice is a simple one: there is no going back only forward to whatever future awaits them... .
