

The Britteridge Heresy (Jons Trilogy)

In the sequel to Dale Amidei's debut, *The Anvil of the Craftsman*, the 2008 troop surge fully engages the insurgency in Iraq, while a vengeful terrorist intends to take the fight to America. He begins with the State Department team who helped turn the tide in Al Anbar Province. Simultaneous strikes on targets abroad and stateside deliver the message that nothing is forgiven. Rumors surface of pending attacks intended to impact the will of a wavering public. The State Department and military personnel closest to understanding the intent of the attackers come together in an attempt to find and stop those already responsible for wreaking domestic havoc. A terrifying plot of revenge is uncovered that targets not only individuals, but the sense of security and will of an entire nation. Jon Anthony is disturbed to discover the only thing that may distract his pursuers from the plot is an intense desire to see him die. The momentum of a nation's war effort may hinge on offering himself as bait for a vicious enemy. Approx. 85,400 words / 288 pp. print length
