A beautifully crafted, consistently thought-provoking, and deeply intimate work by one of the most insightful writers of our time. A startling encounter on a New York subway platform leads two strangers to a run-down tenement where a life-or-death decision must be made. In that small apartment, *Black and White*, as the two men are known, begin a conversation that leads each back through his own history. Their aim is no less than this: to discover the meaning of life.
